LIST OF MAPS AND CHARTS.

1. Map of Gujerat.
2. Map showing the localities of the Pali disease and other fevers prevailing contemporaneously in Rajputana and the Upper Provinces of the Bengal Presidency.
3. Bombay Presidency illustrating the extent and intensity of the plague.
4. Bombay Presidency (exclusive of Sind), showing principal places where plague was endemic.
5. Sind, showing principal places where plague was endemic.
6. Bombay City, showing incidence of plague in the different quarters.
7. Bombay City, showing plague administrative districts and hospitals.
8. Chart, showing progress of plague in the District of Kamathipura.
9. Worli village, showing groups and dates of plague cases.
10. Sewree Coliwada, showing groups and dates of plague cases.
11. Parel village, showing groups and dates of plague cases.
12. Mahim Coliwada, showing groups and dates of plague cases.
13. Type drawing of temporary hospitals as constructed throughout Bombay under the orders of the Plague Committee.
14. Hardwar and neighbourhood.
15. Hardwar, showing infected area and isolated plague cases.
16. India, showing Railway plague inspection stations.
17. Observation Camp Khana Junction, East Indian Railway Bengal.

17 A. Observation Camp Chausa Station, East Indian Railway, Bengal.

18. Khanpur Station, North-Western Railway, Punjab, showing disinfecting and observation camp.
19. Map showing observation posts near the Punjab-Sind Frontier.
20. Map of the Daman Frontier.
21. Chart of the course of the plague in the City of Bombay.
22. Chart comparing the weekly mortality in the City of Bombay with the weekly mortality during the previous five years.
23. Chart of the course of the plague in the wards of the City of Bombay.
24. Chart of the course of the plague in different localities in the Bombay Presidency.
25. Chart of the course of the plague in different localities in Sind.
26. Chart comparing the progress of the plague with the variation in the temperature in certain localities.
